Innovation

NSF I-Corps Northeast Hub trainings and workshops

I-Corps helps researchers explore how their discoveries can benefit society through startups or ventures. Meet mentors and industry contacts. Open to faculty, postdocs and students. NSF

grants of up to \$3,000 are available.

Novus at Princeton in-person half-day program

June 3, 11:30 am - 3 pm ET
Julis Romo Rabinowitz Building
[Register here](#)

Propelus I-Corps online four-week training

Apply by June 17
[Learn more](#)

Princeton-Wharton Executive Education Course

June 10, 11, 13 and 14
9 am - 12 pm online
[Apply here](#)

Taught by Wharton faculty, this program helps Princeton faculty take on advisory roles at companies formed around innovations from their laboratories and scholarship. The course familiarizes participants with the dimensions of entrepreneurship and new venture development. Acceptance is on a first-come, first-served basis.

Research Administration

Reminders from Research Integrity and Assurance (RIA)

[View important reminders](#) to ensure safe and compliant research activities from RIA.

How to classify subawards, contracts and consultants

A [new guide](#) assists senior/key personnel in determining whether your proposal involves subawards, contracts or consultants. See the [ORPA Subawards information page](#).

Facilities and Administrative (F&A) rate change

Starting July 1, 2024, the F&A indirect cost rate will change from 62% to 64%. Details about the change can be found outlined in the May 10, 2024 [ORPA News and Communications memo](#).

New Data Use Agreement type available

The new [Data Use Agreement \(DUA\) type and other forms](#) are now available for selection in the Princeton ERA Agreements module, the university's system for managing sponsored research activities. Please direct questions to [Liz Powell](#) or [Aaron Collie](#).

Administrator Research Certification (ARC) program

Learn how to navigate Princeton systems through this ORPA training program. Apply by July 31 for the program beginning in September. Visit the [ARC program page](#).

NSF Proposal & Award Policy and Procedures Guide

As of May 20, 2024, the NSF's new [Proposal & Award Policy & Procedures Guide](#) is in effect. [Review the Summary of Changes here](#).

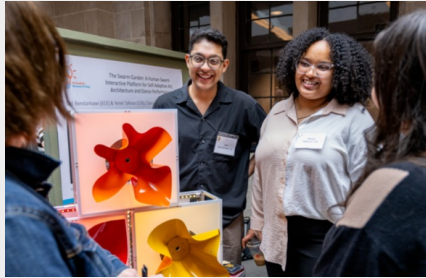

Coffee with ORPA

Find out what's new in sponsored research administration. Featuring lively discussion and networking opportunities, each session takes a deep dive into a need-to-know topic. Visit the [Employee Learning Center](#) and select "ORPA" in the Training by Department section.

Research With Princeton database

Explore information about Princeton researchers, projects, publications, facilities, and collaboration networks. Visit the public [Research with Princeton](#) database.

News

Princeton Research Day spotlights collaborations across campus

Dancing with an interactive robotic flower wall, never-before-seen craters on Jupiter's largest moon, and the ethics of resurrecting extinct animals were among the buzzing conversation topics at the ninth annual Princeton Research Day on May 9. [Read more](#)

Princeton I-Corps team tackles breast milk shelf-life problem

A team of Princeton researchers developed a way to preserve the freshness and nutritious value of freezer-stored breast milk. The team participated in NSF I-Corps training programs and formed a startup called PumpKin to bring their innovation to the world. [Read more](#)
